Dear Secretary of the IPCC,

We are asking you for a kind permission to use all the images contained within the Summary for Policymakers of the Working Group I part of the Fourth Assessment Report (i.e., of Climate Change 2007: The Physical Science Basis, available on your site as <http://www.ipcc.ch/SPM2feb07.pdf>), for the Czech translation of the Summary. The translation will be online, and, hopefully, even published as a printed brochure, to address as much Czech readers as possible.

As we would like to offer the images with Czech texts and in the best possible quality, we are asking you, secondly, *to give us kindly an access to the source files from which these images have been produced* – so that we could edit the texts and not just the resulting bitmaps. Please, use the address [hollan@hvezdarna.cz](mailto:hollan@hvezdarna.cz) of our employee Jan Hollan (who is finishing the translation of the Summary together with another experts and the Ministry of Environment) for sending the source files or the needed access information (like ftp addresses or e-mails of authors of the images) and for further communication.

Last, we are asking you for a kind permission to use the future Czech versions of the images for educational purposes. Of course, we would make those Czech versions available to you as soon as they would be finished.

Yours sincerely,

Dr. Zdeněk Pokorný, director,
