

A plot showing a sequence of stars, likely a color-magnitude diagram. The stars are represented by a series of '+' symbols connected by a dashed line, forming a curve that slopes downwards from left to right. Two specific stars are highlighted: Sirius, marked with a star symbol, and Rigel, marked with a solid black circle. The text '< 0.50 mag' is located in the bottom right corner.

★ Sirius

● Rigel

< 0.50 mag
