

*Alpha Centauri*

The image is a black and white star map of the Alpha Centauri system. It features numerous stars of varying sizes, representing different magnitudes. A dashed line, likely representing the ecliptic, runs diagonally from the top center towards the bottom right. The star Alpha Centauri is specifically labeled in the bottom left corner. The text '< 4.50 mag' is located in the bottom right corner, indicating the magnitude limit of the stars shown.

< 4.50 mag
