

A star chart showing the constellation Regulus. The chart features a grid of stars of varying sizes, with the two primary stars, Regulus and Denebola, highlighted as larger black dots. A vertical line of five dotted crosses runs through the center of the chart. The names 'Denebola' and 'Regulus' are written in a serif font, each preceded by a solid black dot. In the bottom right corner, the text '< 4.50 mag' is displayed. The entire chart is enclosed in a thin black rectangular border.

● Denebola

● Regulus

< 4.50 mag
