

Alpha Centauri ●

The image is a star map. A prominent feature is a dashed line of stars that curves across the upper portion of the frame. A dotted line runs vertically through the center. A curved line with tick marks forms a boundary at the bottom. A solid black dot is labeled 'Alpha Centauri'. In the bottom right corner, the text '< 0.50 mag' is present. There are several other stars marked with crosses, including one near the center and another in the lower right.

< 0.50 mag
