

A star chart of the constellation Regulus. The chart shows several stars of varying sizes and brightness. Two stars are specifically labeled: Denebola and Regulus. Denebola is located in the upper left quadrant, and Regulus is in the center. A dashed line with cross markers runs diagonally from the top left towards the bottom left. A small asterisk is located to the right of Regulus. The bottom right corner contains the text '< 4.50 mag'.

● Denebola

● Regulus

< 4.50 mag
