

A diagram showing a curved path of points, likely representing a celestial object's trajectory. The path is marked by a series of small crosses connected by a dashed line. A solid black dot on the path is labeled "Vega". The path curves from the bottom left towards the top right. The label "Vega" is placed next to the solid dot, and the text "< 0.50 mag" is located in the bottom right corner.

● Vega

< 0.50 mag
